

Medium beaded bead

with Matubo 7/0 and Superduo Beads

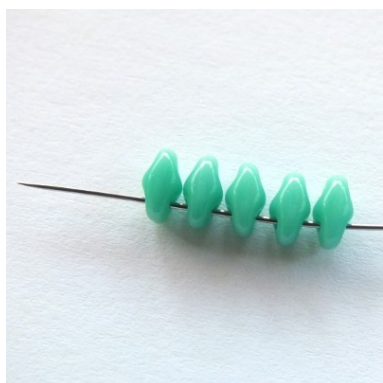

Material:

Matubo 7/0 beads (20 pcs)
 Matubo Superduo Beads (40 pcs)
 Acrylic or wooden round bead, 12 mm in diameter.
 Beading needle
 Thread (Nymo, Fireline)

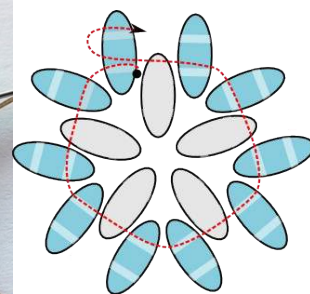

Difficulty: Intermediate

Technique: Peyote stitch

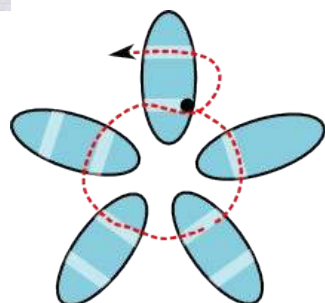

1) String five Superduo beads and slide them to the end of the thread.

3) Add two Superduo beads and then go through the upper hole of the next Superduo in the row.

2) Tie a few square knots to form a "cross". Then pass through the upper hole of the nearest Superduo.

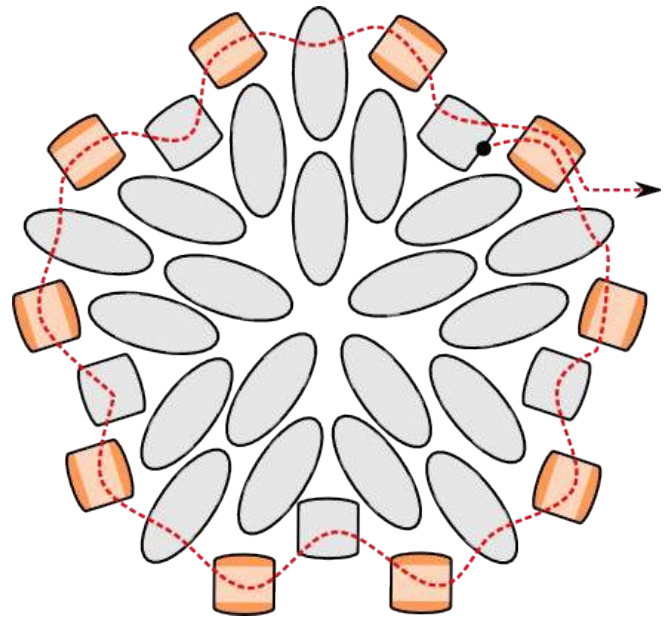

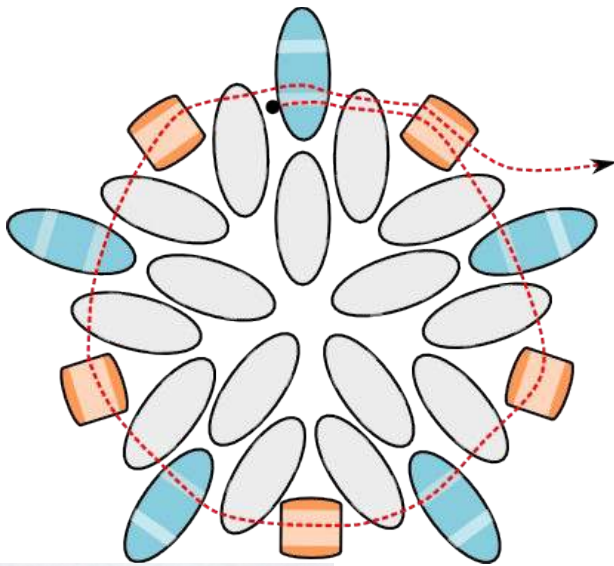

4) Repeat the previous step until you reach the end of the row.

Then do the step-up:
 When adding last pair of Superduos, go through the upper hole of the last Superduo in the previous row and then through the lower hole of the first Superduo of this row.

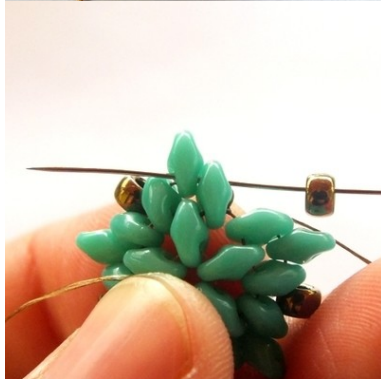

5) Then go back through the upper hole of the same Superduo. Direction of your beading will change.

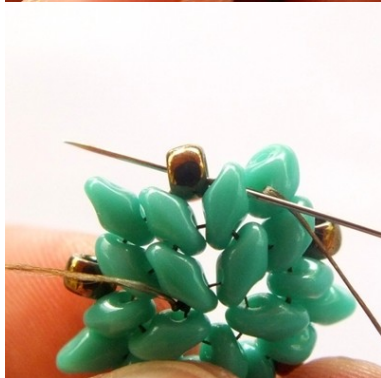

6) Add one Superduo bead and then go through the upper hole of the next Superduo bead.

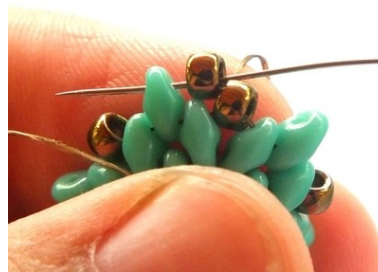

7) Add one Matubo 7/0 bead and then go through the upper hole of the next Superduo bead.

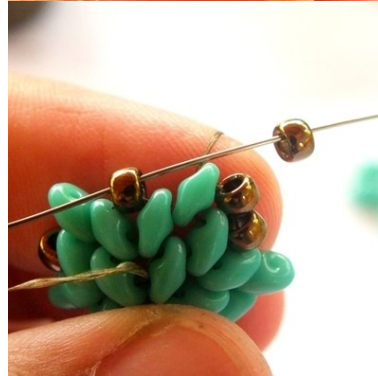

8) Repeat steps 6 and 7 until you reach the end of the row.
At the end of the row, you need to go through the upper hole of the last Superduo in the previous row and then through the lower hole of the first Superduo of this row ...

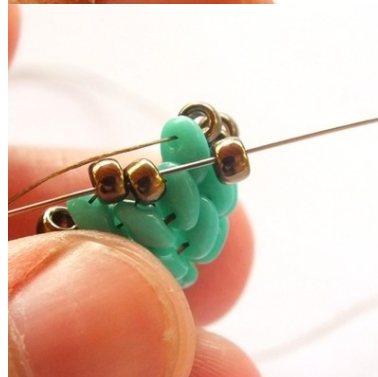

9) ... and then go through the upper hole of the next Superduo and through the next Matubo bead.

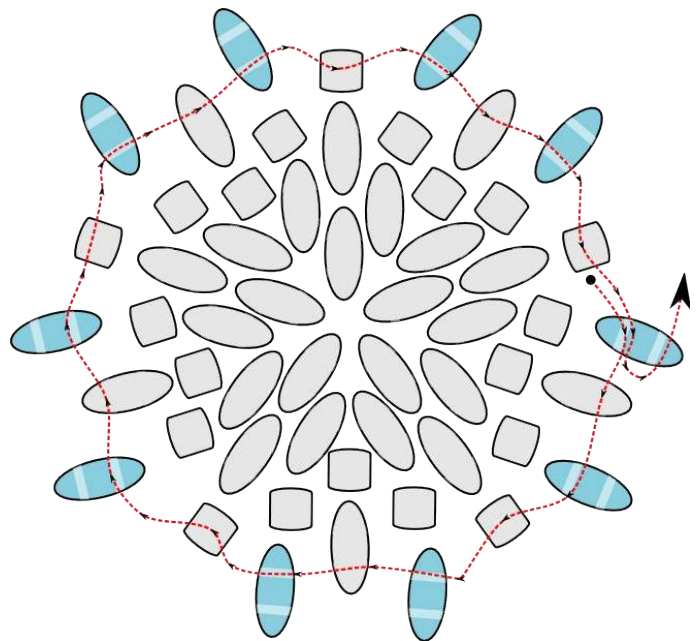

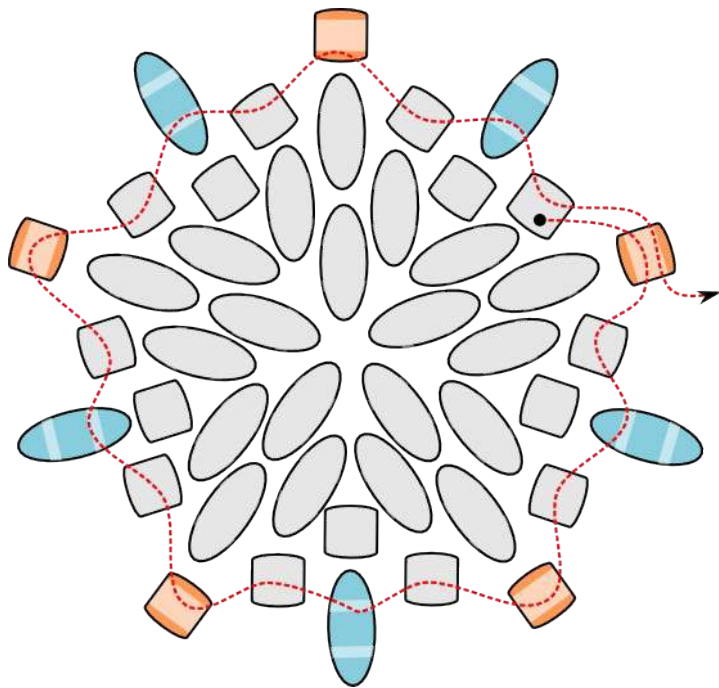

10) Add one Matubo 7/0 bead and then go through the upper hole of the next Superduo bead.

11) Add one Matubo 7/0 bead and then go through the next Matubo 7/0 bead.

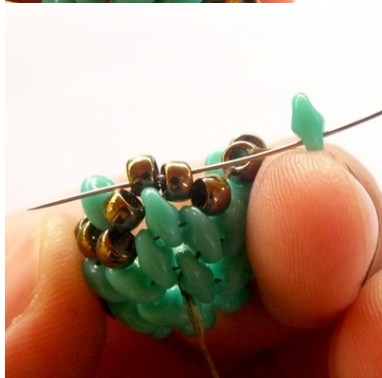

12) Repeat steps 10 and 11 until you reach the end of the row.
At the end of the row, you need to do the step-up by going through two Matubo 7/0 beads.

13) Add one Matubo 7/0 bead and then go through the next Matubo 7/0 in the row.

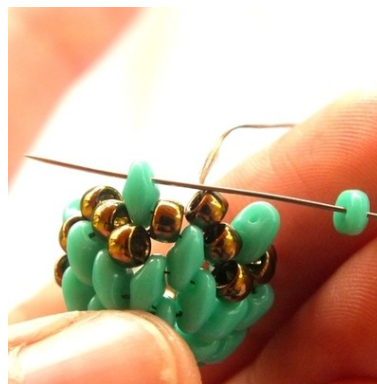

14) Add one Superduo bead and then go through the next Matubo 7/0 in the row.

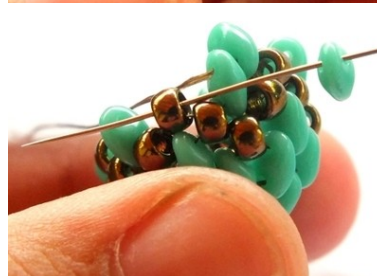

15) Repeat steps 13 and 14 until you reach the end of the row.

At the end of the row, you need to do the step-up by going through two Matubo 7/0 beads.

16) Add one Superduo bead and then go through the upper hole of the next Superduo bead

17) Add one Superduo bead and then go through the upper hole of the next Matubo 7/0 bead.

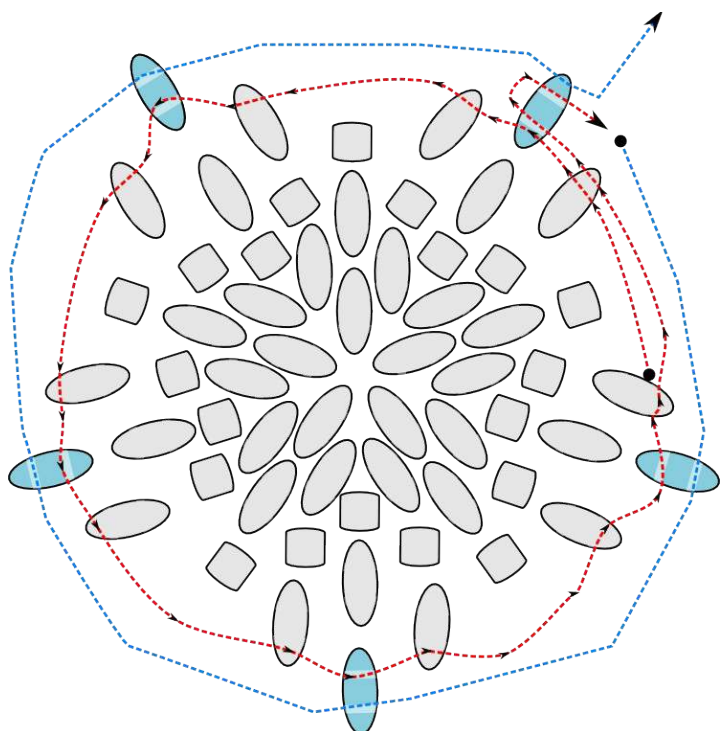

18) Repeat steps 16 and 17 until you reach the end of the row.

At the end of the row, you need to do the step-up by going through the next Matubo 7/0 bead and then through the lower hole of the next Superduo.

19) To finish the step-up, go back through the upper hole of the same Superduo. Direction of your beading will change.

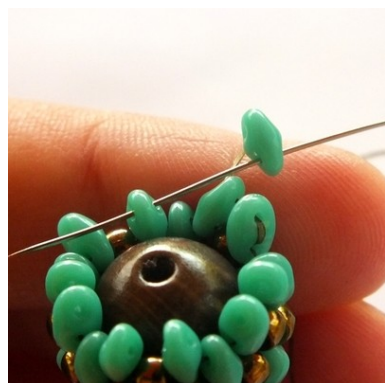

20) Now insert the core bead

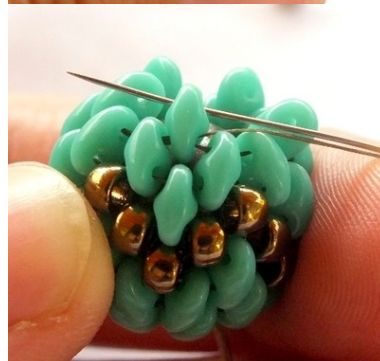

21) Now go through the upper hole of the next Superduo. You will not be adding any new beads in this step.

22) Add one Superduo bead and then go through the upper hole of the next Superduo.

23) Repeat steps 21 and 22 until you reach the end of the row. At the end of the row you need to go through the upper hole of the last Superduo in the previous row and then through the lower hole of the first Superduo of this row.

24) Then go back through the upper hole of the same Superduo.

25) Now pass through the upper holes of all the four Superduos added in the previous row. You will not be adding any new beads in this step. Keep your tension tight. Tie a few half-hitch knots and cut off the remaining thread.

For the best results, choose contrasting colors of beads.
