6) Repeat steps 3,4 and 5 ...

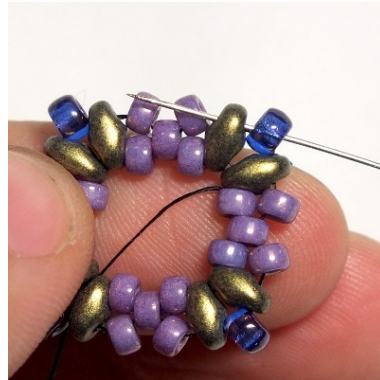

2) Slide all the beads to the end of the thread and tie a square knot to form a circle. Then pass through the upper hole of the nearest Superduo

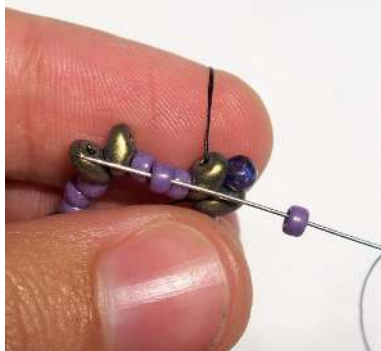

7) ... until you reach the end of the row.

3) Add one 7/0 and then pass through the upper hole of the next Superduo.

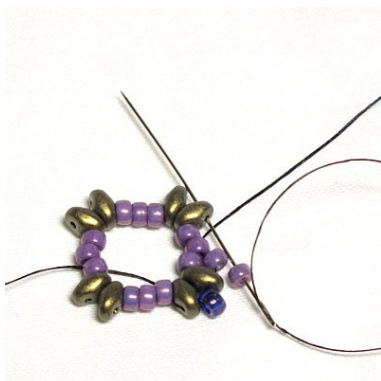

8) Pass through the next 7/0 and Superduo.

9) Add one 15/0 and then pass through the next 8/0 bead from the previous row.

5) Add one 8/0 and pass through the upper hole of the next Superduo.

10) Add one 7/0 and pass through the next 8/0 bead from the previous row.

11) Add one 15/0 and pass through the upper hole of the next Superduo.

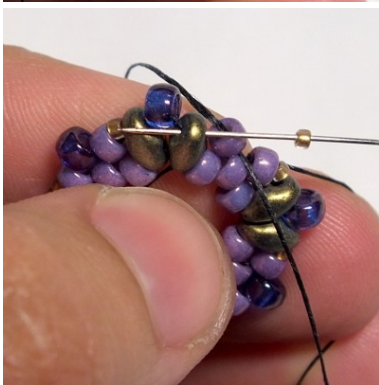

16) Add one Delica. Skip the gap between 8/0s and pass through the next 8/0 (as shown on the picture).

17) Repeat steps 15 and 16 ...

14) Weave through beads to get to the first row. The thread should leave one of the 8/0s near the corner.

19) Add one Delica and pass through the next Delica from the previous row

15) Add one Delica. Skip the two Superduos in the corner and pass through the next 8/0.

20) Repeat step 19 until you reach the end of the row

21) Tie a few half-hitch knots and cut off all the remaining thread

22) Make the second earring.
Use jump rings to attach earwires.

Tips:

- You can use 8/0s instead of 7/0s in step 3 (as shown on the pink, blue and gold-white earrings on this page)
- You can use a headpin and a jump ring to attach a drop-shaped bead to the bottom of the earring
- You can make a lot of these components and connect them to make a bracelet or a necklace
